

Movement of high-speed train to be established in Shakhrisabz direction

President Shavkat Mirziyoyev was presented the program on the main economic indicators and improvement of implementation of the tax policy in Kashkadarya region, payments of large enterprises to the budget, forecast indicators for the current year.

Heads of relevant departments told the Head of the country about the budget revenues due to taxation of real estate of individuals and registration of land plots, standard structures of district and city tax inspections. After hearing their proposals, President Shavkat Mirziyoyev gave necessary recommendations and instructions.

Within the framework of the project on improving drinking water supply in the region, it is planned to build new water treatment plants, to lay 77 kilometers of trunk networks, 162 kilometers of water supply networks, 16 water distribution facilities. The project of modernization and electrification of Tashguzar – Shakhrisabz – Kitab railway provides for establishment of movement of high-speed trains to Shakhrisabz.

Today, unfortunately, the region's population is not fully provided with drinking water, noted the President of our country. We must make every effort to resolve this urgent issue in a short time.

Particular attention was paid to the road map on streamlining the labor market in the city and Shakhrisabz district.

The President of the country noted that social support for unemployed population is one of the most important issues today.
