

ROAD CONSTRUCTION WORK IN NEW ANDIJAN IS IN PROGRESS...

As you know, President Shavkat Mirziyoev, based on the needs of Andijan region residents for housing, put forward the initiative to build a new city in the Andijan region's suburbs, and gave instructions to the road construction industry along with the relevant organizations on the issue of road reform.

The construction work on the 4R-130 "Andijan ring road" leading to the city of "New Andijan" with a total length of 10.7 kilometers is being carried out by the unitary enterprise of regular use of Andijan roads under the authority of the General Directorate of Andijan highways.

Currently, road construction and repair works are going on at the facility. In order to increase work efficiency, bitumen sprinkling and asphalt laying works are carried out with high quality on a large scale with the help of special equipment.
