

VEHICLE TRAFFIC WAS RESTORED AT THE "KAMCHIQ" PASS

According to bulletin No. 65 of January 4, 2023 issued by the Hydrometeorological Service Center of the Republic of Uzbekistan, at 00:00 A-373 "M-39 Guliston-Bo'ka-Angren-Ko'qon-Andijan-Osh" Due to the risk of avalanches, traffic was temporarily stopped between 228-253 km of the highway.

At 10:00 a.m., two-way traffic was fully restored for all types of motor vehicles moving through the pass after quick measures taken by our highwaymen together with the relevant organizations.

We recommend that all motor vehicle drivers follow the traffic rules, taking into account the weather conditions.
