

Environmental and Social Action Plan

Reconstruction of roads of national importance in the Khorezm region, project of the Committee for roads with the participation of the European Bank for Reconstruction and Development

The Environmental and Social Impact Plan (ESIA) was developed by consultants from the European Bank for Reconstruction and Development for the implementation of the project "Reconstruction of roads of national importance in the Khorezm region" of the Committee for roads of the Republic of Uzbekistan with the participation of the European Bank for Reconstruction and Development. This plan includes an Environmental and Social Impact Assessment (ESIA), Land Acquisition and Livelihood Restoration Framework and a Non-Technical Summary, which was reviewed and accepted by the experts of the Agency Autoyulinvest.
