

Consistent reforms serve human interests

As reported earlier, on 20-21 January President of the Republic of Uzbekistan Shavkat Mirziyoyev visited the Republic of Karakalpakstan to review the pace of social-economic reforms, creative and improvement works for further increasing the level and quality of life of people and for a dialogue with people.

On the second day of his visit to the Republic of Karakalpakstan, the Head of our state went to the construction site of the polymer production plant in Nukus. The plant, to be equipped with modern technologies, will manufacture 8 thousand tons of polyethylene pipes and employ over hundred workers.

The President of our country also inspected the project of the plant, producing equipment for a power industry. It is planned that here, based on the new technologies from Japan, Switzerland and Italy, transformers, components for PV stations, automatic electricity meters will be manufactured. This plant has a special significance for our country's economy, as the manufactured here equipment will substitute imports as well as be shipped for export.

The necessity to commission these enterprises by the 26th anniversary of our country was highlighted and this will be a worthy holiday gift for our people.

The President of our country examined the construction works in these plants. He talked with contractors and builders, wished them success in carrying out these large, important projects.

The Head of our state also went to the reconstructed Nukus railway station. He underlined that it is necessary to create additional conditions for passengers, to increase the types of services and improve the service culture.

Shavkat Mirziyoyev went to the construction site of the school for talented children named after Ibroyim Yusupov. He instructed to improve the school project, design a square and erect there a monument to the memory of people's poet of Uzbekistan and Karakalpakstan, Hero of Uzbekistan I.Yusupov. It is necessary to establish a small publishing unit at the school, to translate and publish various literature.

The President of our country visited the Nukus branch of the Tashkent pediatrics medical institute. Here a multifunctional children's clinic, a playground, a hotel is being

constructed. Shavkat Mirziyoyev voiced out proposals on creating truly scientific atmosphere at the institute, studying foreign experience, developing cooperation with international clinics, organizing effective mother and child protection systems.

The Head of our state got acquainted with the people's reception house of the President of the Republic of Uzbekistan in the Republic of Karakalpakstan. Here the reception of citizens, consideration and filing of the applications are organized on the base of modern information technologies. Necessary conditions are created at the mother and child room, medical and other rooms, special conditions for the disabled.

Fair consideration and timely resolution of each application, analyzing the work of managers with applications are primary tasks of the reception houses, the President said.

As in all regions of our country, wide-scale creative works are carried out in the Republic of Karakalpakstan. Multi-story residential houses, modern infrastructure object are under construction in Nukus.

The President of our country reviewed the project of reconstruction of the Ernazar

Olakuz street on site. This central street will be widened, conditions for traffic will be improved, new multi-story residential houses, retail and service places will be built.

The Head of our state talked with the elderly (oqsoqols) at the Imam eshon Mukhammad mosque on the issues of respecting the senior citizens, upbringing younger generation.

President of the Republic of Uzbekistan Shavkat Mirziyoyev concluded his visited to Karakalpakstan.
